Let's keep each other safe

**Say No to Distraction,
So You Can Say Yes to Your Destiny**
—Thema Davis

Distracted driving is anything that diverts your attention away from the task at hand – driving

Manual

- Eating
- Drinking
- Grooming

Cognitive

- Talking on your phone (handheld and hands-free)
- Daydreaming

1 in 5 crashes in Texas is caused by distracted driving

TxDOT 2016 Distracted Driving Data:

- 109,685 crashes
- More than 3,000 injuries
- 455 fatalities

Research indicates cognitive distraction persists long after using voice commands to make a call or send a text.
