Let's keep each other safe

Kiss Me, I'm the Designated Driver!

Your life is more valuable than a pot of gold. If you are going out, plan for a safe ride home.

3 Tips to Stay Safe

- If you're hosting a party with alcohol, make sure everyone has a safe ride home.
- If you know someone who is impaired, take the keys and help that someone find a sober ride home.
- Always wear your seat belt: Every person, every seat, every time. It's your best defense against impaired drivers.
