

Recipe for Non-Alcoholic Christmas Mimosa

Ingredients

- Sparkling white apple juice chilled
- Cranberry apple juice chilled
- Maraschino cherries
- 1 small granny smith apple diced

Directions

Fill each glass halfway with sparkling white apple juice. Then, top off each glass with cranberry-apple juice, leaving enough room for garnishes. Add maraschino cherries and diced apples to each glass and serve.

Notes: Make sure your juices are chilled. You can double or triple this recipe as needed to accommodate crowds. If you want less apple flavor, you can use regular cranberry juice. A typical bottle of sparkling white apple juice makes 6-8 mimosas.
